

The Original Southwell Opera Co.

DIRECT FROM THE GRAND OPERA HOUSE, SAN FRANCISCO,

Where they played one continuous engagement of fifty-eight weeks.

Conceded by press and public to be the finest Repertoire Operatic Organization in the United States.

This magnificent company, 40 strong,

NOW PLAYING AT THE ORPHEUM, HONOLULU.

\$5,000.00 forfeited if this is not the same company, playing the same repertoire with same music and same costumes. Each opera correctly mounted and beautifully costumed.

To-night, LAST NIGHT OF Chimes of Normandy!

Next Monday, Tuesday and Wednesday Nights,

The Queen's Lace Handkerchief!

THE OPERA THAT FIRST MADE THIS COMPANY FAMOUS

Seats now on sale at popular prices, \$1.00, 75c and 50c.

Secure seats in advance by ringing up 'Phone 540.

We Have Just Received a Large Shipment of These Lights—

Three lamps burn in such a manner that the combustion is almost perfect and for this reason the light is magnificently brilliant, smokeless and odorless.

The lamps are absolutely safe it being simply impossible to explode.

If you are tired of the bother of ordinary lamps, if you wish to rid yourself of the care, the above will appeal to you very strongly. When coupled with economy the appeal is irresistible.

The Angle Lamp accomplishes perfect illumination. It presents an opportunity of securing a light that is easily operated and more brilliant than gas or electricity with no more heat at a mere fraction of their cost. It provides a lamp for homes, stores, offices, factories, halls, libraries, hotels and churches, that is ideal in every way.

The public is cordially invited to call and inspect these lamps.

FOR SATURDAY SADNESS

BY DIOGENES.

Water the plantation and let the capital stock wait.

When the tramcars get to running over the mules, rapid transit doesn't seem such a distant prospect.

An unbreakable slate for the political kindergartens should be a paying invention.

Little Miss Primary (rehearsing her first humane lesson)—I will try to be kind to all dumb animals, and try to protect them from cruel usage; for I belong to the Band of Murphys.

It is wonderful how, sometimes, a machine can be improved when taken apart and set up again by experts other than the makers.

What a lot of humps it would take to form an assembly for important deliberations which could get away without some lively rows!

The nominator of one of the delegates to the National Republican Convention gave him the curious recommendation of having been brought up on the soil of Hawaii. Numberless examples should make one think that if the gentleman had been brought up on poi and fish he would have greater weight.

The first appearance of the machine in Honolulu politics was about a century ago. John Young, a waterfront hawke, helped Kamehameha I. to carry all the precincts with a tubular machine casting iron ballots that smashed all the polls they struck.

Brine—You Republicans are making a holy show of yourselves, squabbling inside the party.

Mack—Don't stand in the sun, you'll spoil your complexion. We are only having a little easy practice till you Democrats are ready to come out and play ball.

When a man thinks he is having things his own way, he ought to be sure his own is the right way. If it is not, he ought to let go.

PER S. S. AUSTRALIA.

Just landed a full line of grapes, apples, oranges, lemons, celery, cabbage, cauliflower, cranberries, burbank and red potatoes, jakes, salmon, flounders, halibut, crabs, Eastern and California oysters (in tin and shell), turkeys, chickens, ducks, quail. A full line of canned goods. CAMARINOS' REFRIGERATOR

Man's work in life is to turn himself from the raw product into a piece of fine art.—Richard Whiteing.

BENEFIT FOR HAWAIIANS.

The Haganites will give a benefit performance, assisted by local talent of the city in aid of the Sick Fund of the Young Hawaiians' Institute next Tuesday evening, June 5, at the Opera House.

Trusting the success with which this company has been continuously applauded during their eleven weeks' performance at the Orpheum, and it being their last and farewell night in Honolulu to aid a worthy and purely Hawaiian organization for the benefit of its sick and deceased members, it is hoped that a crowded house will greet this performance.

Many new gags and songs will be introduced during the minstrel first part, and Honolulu will hear some of its own talents on the stage.

Seats are now on sale at Wall, Nichols Co. at popular prices, \$1.75 and 50 cents.

SUMMER IN MANILA.

Manila, P. I., April 6.—With the approach of this year's hot weather, which comes to Manila every April, May and June, the vessels of the United States navy have been slipping away to the cooler parts of China and Japan. It is a mighty pleasant thing to thus get away from the Philippines during the heat of the summer and such a change for three months will greatly benefit the whole ship's company. This consideration of the health of his men was a strong factor in deciding Admiral Watson to order several of the ships from this station to spend the summer between Yokohama and Hongkong.

It is a pity the army cannot get this change. Persistent work tells on a man out here and we Americans have not yet learned the Oriental habits of slowness in business and naps during the heat of the day. It is estimated that on an average the American out here does one-half of the work he would do at home under the same circumstances and every one knows it is just twice as hard to accomplish this half. Army officers can only get this change to the cooler climate of China and Japan by obtaining sick leave, but it comes to many of our naval officers as a part of their duties.

Y. M. C. A. Athletic Contest.

The last of the athletic contests in the Y. M. C. A. series took place in the gymnasium last night. There was a large number of people present. Daniel Falvey made the winning score of 432 2-10, with Ben Clark second. The latter was very close, making 428 points. Elerath with 387 came third.

Two Y. M. C. A. records were broken. The spring board jump was formerly 7 feet. Elerath raised this 4 inches. The hitch kick was raised from 7 feet 10 inches to 8 feet 3 inches.
